## Rebuilding Community

TM

## COMING TO VANCOUVER!

### HEROWORK TRANSFORMS CHARITIES BY TRANSFORMING THEIR BUILDINGS.

HeroWork transforms charity buildings through large scale community volunteer events called “Radical Renovations.” These events are like an extreme makeover or old-time barn raiser, where over 100 companies and hundreds of trades, non-trades, and professional volunteers come together to complete comprehensive renovations in a fraction of normal time and cost.

After 14 major charity projects worth over \$6 million in Victoria, we are expanding to Greater Vancouver in early 2022.

Too often the state of charity spaces diminishes a charity’s ability to deliver important social services, to be innovative, and to respond to the changing and increasing needs of vulnerable populations.

There is no other charity like HeroWork.

Engage your employees. Increase your CSR. Enhance your Social Procurement Strategies.

Become part of our unique and innovative solution that builds-up and strengthens community, your employees and charities at the same time!

### THE NEED

Over half of Lower Mainland charities cite a lack of funding for real estate operations, maintenance, renovations, development or acquisition of space.\*

52%

36%

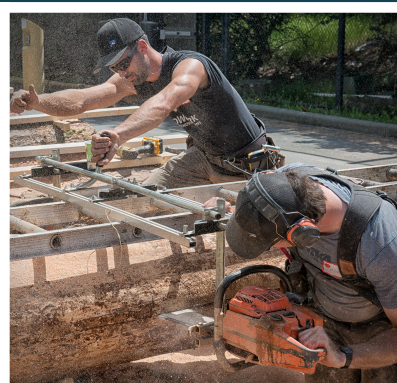

Of charities either urgently or very urgently need a renovation.\*\*

55%

Of charities believe a renovation will increase their ability to deliver services.\*\*
